

PiBox - Bug #326

smb shares should not include local mmc mounts

20 May 2014 23:08 - Hammel

Status:	Closed	Start date:	20 May 2014
Priority:	Immediate	Due date:	
Assignee:	Hammel	% Done:	100%
Category:	04 - Root File System	Estimated time:	0.00 hour
Target version:	0.9.0		
Severity:	03 - Medium		
Description			
<p>The local SD card is mounted under /media along with any usb/sda mounts. The smb shares show all of /media so the mmc mounts show up remotely.</p> <p>To fix this:</p> <ol style="list-style-type: none">1. Mount usb/sda under /media/usb2. Changes smb share to be /media/usb

- % Done changed from 0 to 100

Switched smb configuration to share only /media/usb and made that the parent for usb flash sticks. That prevents the mmc from showing up on remote mounts.

Issue can be closed.
