

VideoLib - Bug #342

Need to be able to pick from alternates for movies with the same name.

08 Jun 2014 21:46 - Hammel

Status:	Closed	Start date:	08 Jun 2014
Priority:	Immediate	Due date:	
Assignee:	Hammel	% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:	0.9.0		
Severity:	02 - High		
Description			
This would require scanning again and saving the names, years and ID in a list from which the user can select. It would probably be a pop up window.			

Associated revisions

Revision bee77a0f - 04 Aug 2014 17:35 - Hammel

RM #342: Added dialog for selecting from alternate video entries. Added method in MovieDB to parse alternates into a list of colon delimited strings so they can be parsed by the dialog.
