

## piboxui - Bug #363

### Drop 2-panel setup and have just one panel

26 Jul 2014 15:42 - Hammel

<b>Status:</b>	Closed	<b>Start date:</b>	26 Jul 2014
<b>Priority:</b>	Immediate	<b>Due date:</b>	
<b>Assignee:</b>	Hammel	<b>% Done:</b>	100%
<b>Category:</b>	Theme	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.9.0		
<b>Severity:</b>	01 - Critical		
<b>Description</b>			
It's goofy to have a side and bottom panel. The bottom panel just takes up space.			
Drop the side and bottom panels and have a single top panel with all icons and clock in it.			

#### Associated revisions

##### Revision 000ab223 - 02 Aug 2014 16:54 - Hammel

RM #363, RM #364: Switch to one panel at the top and one replace the icons with nicer ones.

#### History

##### #1 - 31 Jul 2014 16:27 - Hammel

- Status changed from New to In Progress
- % Done changed from 0 to 30

Tested this on the hardware and looks okay on an HDMI TV, especially with new icons (RM #364). Need to migrate changes to the UI package, test installation and verify the appearance on the Dell monitor and with the two AAXA projectors.

##### #2 - 02 Aug 2014 12:41 - Hammel

- Severity changed from 05 - Very Low to 01 - Critical

##### #3 - 02 Aug 2014 16:20 - Hammel

- % Done changed from 30 to 70

Looks fine with both AAXA projectors.

Now I need to copy the configuration into the UI repo.

##### #4 - 02 Aug 2014 17:03 - Hammel

- Status changed from In Progress to Closed
- % Done changed from 70 to 100

Configuration copied to repo, repackaged and tested. Works fine.

Closing issue.
