

VideoFE - Bug #414

Startup shows the poster first, centered, then moves it to the right

15 Dec 2014 10:31 - Hammel

Status:	Closed	Start date:	15 Dec 2014
Priority:	High	Due date:	
Assignee:	Hammel	% Done:	100%
Category:	Image display	Estimated time:	0.00 hour
Target version:	1.0 - Atreides		
Severity:	03 - Medium		
Description			
<p>This is distracting and looks broken. The poster should be displayed in its proper position immediately.</p> <p>I might be able to fix this by changing the ordering of what gets displayed, though the poster is drawn via an event handler so I may have problems doing that.</p>			

Associated revisions

Revision 4d7b2b74 - 30 Aug 2016 21:26 - Hammel

RM #542, RM #414: Added Pango-rendered overview to display with a semi-transparent overlay between the text and poster. Added series poster above episode poster, overlaying the latter with the overview. Fixed problem with resizing and repositioning of windows on startup.

History

#1 - 21 Dec 2014 18:20 - Hammel

- Target version changed from 0.10.0 to 1.0 - Atreides

This isn't required for 0.10 so moving out to the 1.0 release.

#2 - 30 Aug 2016 21:34 - Hammel

- Status changed from New to In Progress

- % Done changed from 0 to 100

Fixed by moving to fullscreen and fixing the way the hbox was used and the widgets added to it.

Changes committed and pushed. Closing issue.
