

## appmgr - Bug #415

### reboot needs to be privileged

16 Dec 2014 11:20 - Hammel

<b>Status:</b>	Closed	<b>Start date:</b>	16 Dec 2014
<b>Priority:</b>	Immediate	<b>Due date:</b>	
<b>Assignee:</b>	Hammel	<b>% Done:</b>	100%
<b>Category:</b>	General	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.10.0		
<b>Severity:</b>	03 - Medium		
<b>Description</b>			
The reboot "app" is run as nobody, and that means it fails.			
Just add the command to the appmgr.priv configuration file.

##### #1 - 16 Dec 2014 13:46 - Hammel

- Status changed from New to Closed

- % Done changed from 0 to 100

Updated launcher to use fully qualified path to reboot and updated appmgr priv config to include that path.

Tested on target, committed and pushed upstream.

Closing issue.
