

PiBox - Bug #758

Rebuilding of src tarball and toolchain rpm should remove any existing file from pkg directory

28 May 2020 16:48 - Hammel

Status:	Rejected	Start date:	28 May 2020
Priority:	Immediate	Due date:	
Assignee:	Hammel	% Done:	100%
Category:	00 - Basic Build Issues	Estimated time:	0.00 hour
Target version:	2.0 - Harkonnen		
Severity:	03 - Medium		
Description			
Rebuilding the source tarball and toolchain rpm can create multiple copies of these files. If an old copy exists it should be removed first.
